Yes. Wrote e mail just now to jennifer asking her to coordinate. She will check in with you if we need to move money around between branches/divisions. Thanks.

> You may be aware that we have been asked to mobilize a team to do a quick study of the release at the Gold King Mine site in Region 8. I believe that Jim has agreed to pay the travel for the 5 team members, only one of whom is in OSRTI (Shahid Mahmud); the others are in the Regions. They are planning to travel Sunday, so we plan to assist with the TAs tomorrow. I don't yet know whether this can be site travel or must be non-site. Also Jennifer told me that ARD is low on travel but hopefully OSRTI has enough overall to cover. Schatzi and I will coordinate with RMD tomorrow. Thanks - Dana
